

## HEE - London

### Trust Information – O&G

Trust	
Chelsea and Westminster Hospital NHS Foundation Trust	
Trust and Hospital Name	
Chelsea & Westminster Hospital	
Description of Unit	
<p>Chelsea &amp; Westminster is an award-winning, high-performing acute Trust situated in the heart of Chelsea, central London. The O&amp;G Department has a strong departments, the hospital and medical reputation for delivering world-class care and innovation.</p> <p>We deliver 6000 babies per year in our Level 3 centre -clinics and planned developments etc. newly refurbished to an exceptional standard - and are a designated neonatal surgery centre. The North West London Maternal Medicine service is based at the Trust offering expert care from academic maternal medicine obstetricians and obstetric physicians.</p> <p>Our sector-wide Abnormally Invasive Placenta service delivers expert antenatal and surgical care for patients across the region with placenta accreta spectrum conditions. Our gynaecological services are innovative and forward thinking. The Chelsea Centre for Minimally Invasive Gynaecology delivers world-class surgical training to a global audience and is based at Chelsea West.</p> <p>Trainees are offered expert tuition with bespoke Chelsea lapboxes. Our accredited Endometriosis Centre delivers multidisciplinary advanced laparoscopic surgery for deep invasive and colorectal endometriosis with excellent outcomes.</p> <p>The Fertility Centre, with a subspecialty trainee, delivers the full range of assisted conception care as well as the regional One-Stop Fertility Preservation programme for patients undergoing sterilising cancer care across London. Our Suspected Cancer programme is one of the largest in London, delivering sector leading performance and innovative care: we have the first-in-sector CNS-led Cancer Survivor programme for surveillance.</p> <p>We host the sector Urogynaecology MDT attracting specialists from across NW London, and deliver subspecialist multidisciplinary urogynaecology, pelvic floor and psychosexual clinics. Our Menopause Service has a national reputation attracting referrals from across the UK, delivering sub specialist expertise in dedicated POI, PMDD and HIV Menopause clinics.</p>
